Dear Secretary Bautista:

Mabuhay!

The City of Roxas is known as the Seafood Capital of the Philippines and is strategically and geographically located at the heart of the country. This central location positions Roxas City as a vital gateway to the progressive regions of Panay Island, particularly in its northern part.

As part of the continuing development of the City, enhancing our airport facilities is essential to support this growth trajectory. The proposed airport development aims to stimulate economic activities, improve connectivity, and enhance the overall travel experience for both residents and visitors.

To guarantee the feasibility and adherence to national standards and policies, we kindly request the conduct of the feasibility study for the proposed Roxas City Airport Development Plan. The study will analyze economic viability, environmental impact, technical feasibility, and regulatory compliance to ensure alignment with national objectives, safety standards, and stakeholder needs.

For any clarification, please contact Mr. Arnold Alarcon, Acting CPDC, at mobile number 0928-764-0896.

We look forward to your positive response regarding this request

Truly yours,

RONNIE T. DADVIVAS
City Mayor
